## Welcome to Blue Cross Group Medicare Advantage.

Our goal is to help our Medicare members manage their health. It's why we've developed this Welcome Guide.

It includes useful information like:

- Using your member ID card
- Understanding your plan's coverage
- Exploring your wellness solutions
- Getting help when you need it

**Please review the information about your coverage and next steps, starting on page 4.**

# Get Started

Follow these easy steps to get the most from your plan.

## Step 1

### Check Your Member ID Card

#### You can use your benefits starting on your effective date.

Use your member ID card from Blue Cross Group Medicare Advantage whenever you receive a provider service or visit the pharmacy. When you receive your ID card, review the following:

#### Effective date

Your confirmation letter will show your effective date — the date your coverage begins. Use the letter as proof of insurance if you have not received your member ID card by your effective date.

#### Personal information

Make sure the information on the member ID card is accurate. If you have any questions or concerns, call Customer Service.

- Be sure to show the new card to your providers and pharmacy. Remind them that your old ID and number are no longer valid.
- Keep your ID cards safe like you would a credit or debit card.
- Update the customer service number you have saved in your phone with the number listed on the back of your new card.
- If something is wrong on your ID card, call us.

## Step 2

## Step 3

# Understand Your Plan's Network

### Selecting a provider.

Your Medicare Advantage Open Access PPO plan gives you the freedom to seek care across the country. You can use network providers but have the flexibility to go outside the network for the same cost. No referral is needed. Your providers must 1) accept Medicare; 2) agree to see you as a patient; and 3) agree to submit claims to the plan.

### Call ahead and be prepared.

Calling your provider's office ahead will help make sure:

- All your information is up to date.
- The provider is still accepting Medicare.

We recommend that you confirm with providers that they accept your Medicare Advantage Open Access PPO plan and will submit claims to the plan. At your appointment, show the provider the **'Your Providers, Your Personal Network'** flyer that is included with this Welcome Guide. Detailed plan information, including cost-sharing that applies to services, can be found in your Evidence of Coverage.

### We work closely with your provider to deliver care.

Before you can be covered for some medications or certain high-cost medical services, your doctor may need to get authorization from the plan. You may first need to try other clinically appropriate or cost-effective treatments. Quantity limits may be set for some drugs for cost or safety reasons.

Our plans follow government guidelines in this area to ensure you receive the most appropriate, cost-effective care available.

**Be sure to tell the provider's office that you are in a Group Retiree Medicare Advantage Open Access PPO plan.**

## Step 4

# Review Your Evidence of Coverage

### The EOC explains:

- Your rights and responsibilities
- What's covered
- Your costs

We encourage you to review your EOC. It lists the coverage, costs and extra health and wellness benefits that are provided by your retiree Medicare plan. It's an important legal document, so keep it in a safe place. It can be found on BAM (see Step 2) or you can call Customer Service for a printed copy.

If you have questions about your covered benefits, call us.

# Step 5

## Schedule Your Annual Wellness Visit

### Wellness begins with understanding.

Your Blue Cross Group Medicare Advantage plan includes a \$0 copay Annual Wellness Visit with your health care provider. Use this checklist to guide the conversation. ## Step 6

# Get the Most from Your Plan

### Notify your providers and pharmacy.

Show your new member ID card to your providers and pharmacy so they have the most up-to-date information. This can prevent your claim from being denied due to incorrect information.

### Your Medical Benefits

Blue Cross Group Medicare Advantage covers most commonly used services such as provider visits, inpatient and outpatient hospital services, emergency care, and prescription medicines. And it bundles these with wellness solutions for comprehensive health coverage. The plan manages claims and benefits, so you have only one call to make when you have questions. As a Medicare Advantage member, you get all the benefits covered by Original Medicare, and more. Read your EOC for details on coverage and member costs.

- Provider office visits
- Preventive services
- Emergency care
- Hospitalization
- Health screenings
- Diagnostic services
- Immunizations
- Rehabilitation
- Physical therapy
- Skilled nursing care

### Your Part D Benefits

Due to Medicare reforms, the most you'll pay in 2025 for Part D drugs is \$2,000. In the years that follow, annual limits will be adjusted based on inflation. This cap does not apply to out-of-pocket spending on Part B drugs or any plan premiums. Review the EOC to understand your costs.

### List of Covered Drugs (Formulary)

You can find your formulary by logging into Blue Access for Members (see Step 2). You can search for drugs online or download a copy of the formulary. You will see that prescription drugs are placed into tiers. The costs for drugs in each tier are generally different. Tier 1 includes the drugs prescribed for common conditions and usually cost the least. The formulary also includes information about special programs such as prior authorization, quantity limits or step therapy.

### Transition Benefit

During the first 90 days of coverage, you may be able to fill a one-month supply of Part D eligible, non-formulary drugs or drugs that have restrictions. You and your provider will be alerted via mail of the transition fill and the requirements needed to continue receiving your drug. Such requirements include your provider submitting a formulary exception by calling the number on your new member ID card or filling out the formulary exception form found on [www.myprime.com](http://www.myprime.com). If the formulary exception is approved, you will pay the Non-Preferred Drug Tier cost-share.

## Medicare Prescription Payment Plan

The Medicare Prescription Payment Plan is a new payment option starting in 2025 to help you manage your budget when it comes to out-of-pocket drug costs. You'll receive information about the program in the mail.

### Do you need financial support for your drugs?

You can apply for Extra Help any time before or after you enroll in Part D. Visit Social Security to learn more at [www.ssa.gov](http://www.ssa.gov). Choose "Medicare," then "Apply for Part D Extra Help."

**Please note:** Federal law forbids people who have Medicare from using coupons or other discounts with their Part D plan. These may only be used outside of your Part D benefit.

### Insulin and Vaccine Costs

#### Insulin:

You won't pay more than \$35 for a one-month supply of each covered insulin product. It doesn't matter what cost-sharing tier it's on.

#### Vaccines:

Your plan covers most Part D vaccines at no cost to you.

#### The following vaccines are covered under Medicare Part D:

- Shingles
- Tetanus/diphtheria (Td)
- Tetanus, diphtheria, and pertussis (whooping cough) (Tdap)
- Hepatitis A
- Hepatitis B
- Other vaccines recommended by the Advisory Committee on Immunization Practices

**You don't need to meet any required deductible for these items.**

### Digital Cards

**You should receive an email with your non-refundable and non-exchangeable digital gift card within 24 hours of placing your order.** Be sure to check your spam folder in the event your email provider has blocked the delivery. The process for checking balances will vary by retailer. Information about checking balances for the chosen retailer will be provided along with the gift card code sent via email.

### Physical Cards

**Allow seven business days for processing your card.** If you do not receive your card via USPS within two weeks of placing the order, call the number on the back of your member ID card. Find the gift card balance by contacting the retailer by phone or online, using information on the back of the card.

**If your gift card is denied during a transaction, first check the balance of the card.** If there is still a balance on the gift card, or the retailer won't accept it, call Customer Service at the number on the back of your member ID card. They will work with the retailer to resolve the issue.

## Forms You May Need

---

You may need these forms during the year. All forms can be found on BAM at [www.bluemembertx.com](http://www.bluemembertx.com).

- **Appointment of Representative**  
This form lets you choose someone to make decisions on your behalf. It also lets them get your health information such as Explanation of Benefits. This form may also be used to let the plan share your health information with a third party such as another health plan or provider. Having this completed form on file is vital for caregivers.
- **Prescription Mail Order**  
Be sure to take advantage of the mail-order program for eligible maintenance medicines. You'll enjoy the ease of home delivery and the chance to save money. When you have a new prescription, use the online form from the home delivery pharmacy of your choice. See page 12 for more information.
- **Authorization to Disclose Protected Health Information**  
Use this form to allow the plan to share your PHI with a person or entity you choose.
- **Coverage Determination**  
If the plan will not cover a prescription drug or medical service, you may ask for a coverage determination. Choose the form that matches your request.

## Report Fraud

---

**Medicare fraud costs billions of dollars each year.**

**Here are some ways you can help stop it:**

- Keep your member ID card safe. Treat it like you would a debit or credit card.
- Make a copy of your member ID card and keep it in a safe place.
- If your member ID card is lost or stolen, call us right away.
- Be sure the pharmacy has your correct information.
- Look at your EOB carefully to be sure that you have been properly charged. If you think you may have been the victim of fraud, report it to our Fraud Hotline right away.

**To report fraud,**

call **1-800-543-0867 TTY 711** 24 hours a day, 7 days a week.

## We'll Keep in Touch

Because we care about your well-being and want you to get the most from your Medicare plan, we'll be in touch with you throughout the year.

### We'll contact you occasionally to check in and will be available to:

- Help you schedule an Annual Wellness Visit — a valuable part of your plan.
- Register you for the Rewards Program that can earn you up to \$100 in gift cards.
- Answer any questions you have.

### In-home Health Assessment

As part of our commitment to your health and well-being, your Medicare Advantage group retiree plan includes an optional, In-Home Health Evaluation by a licensed and credentialed clinician (certified nurse practitioner, physician assistant or medical doctor) from one of our trusted partners listed on page 18. All members can receive an In-Home Health Evaluation. There is no obligation or cost.

The 45-to-60-minute IHE or telehealth visit provides extra time outside of a Primary Care Provider visit for you to discuss your physical, emotional and mental health in the comfort of your home. This evaluation can help you discuss health concerns, learn more about disease management programs and have your home checked for possible safety issues.

You will first receive a letter from our partner, followed by phone calls on behalf of Blue Cross and Blue Shield of Texas to further explain IHE and steps for scheduling a visit.

**All clinicians will answer COVID-19 screening questions before entering your home. CDC guidelines are followed to ensure the safety of both you and the clinician.**

### Annual Notice of Change

**Near the end of the plan year, you'll receive an ANOC from Blue Cross Group Medicare Advantage.** This notice outlines the premium/benefit changes (if any) for your plan. These changes will begin at the start of the new plan year. Review this document carefully.

### Explanation of Benefits

**You'll receive a statement called an EOB.** How often you receive it depends on how often you fill your prescriptions or see your provider. This statement is not a bill. It simply details what you paid and indicates the level of benefits used. Review these details to be sure they are correct. If you think there are errors, call Customer Service at the number on the back of your member ID card. If you think you are the victim of fraud, report it immediately.

## Our Partners

We partner with the following vendors to help you take care of your health and wellness. Please know these are trusted partners of Blue Cross and Blue Shield of Texas in providing you unparalleled care.

### **In-Home Assessment Vendors:**

You may receive communication from Matrix or Signify to help you schedule an In-Home Assessment. This convenient health touchpoint is completed by a nurse practitioner in the comfort and safety of your home, at no cost.

Findings from this visit will be shared with you and your doctor.

### **In-Home Test Kits:**

You may receive one or more kits from Everlywell. These kits test your blood sugar levels, check for hidden blood in your stool or evaluate your kidney function. These easy to complete screenings are part of your coverage, sent to you at no extra cost, and results are shared with you and your doctor.

### **Cologuard Kit:**

You may receive a Cologuard test kit from our partner, Exact Sciences. This test checks for hidden blood in your stool as an important screening for colorectal cancer.
