Annual Enrollment season is here!

It's time to review the TRS-ActiveCare plans and make sure you've got the best plan for you and your family.

You're currently enrolled in the **TRS-ActiveCare Primary+ plan**. It has:

- lowest deductible
- lowest maximum out of pocket
- lowest costs for things like emergency care, preferred and specialty drugs, x-rays, and lab work
- a broad statewide network with no regional boundaries
- \$0 copay for virtual mental health visits through Teladoc®
- low copays before you meet your deductible
- low copays for TRS Virtual Health visits
- \$0 diagnostic labs at doctor's office or independent lab
- preventive care covered at 100%
- managed care with a Primary Care Provider

What's Changed?

Starting Sept. 1, 2024, prior authorization will be referred to as Recommended Clinical Review. RCR is an optional review of certain services, procedures and treatments to determine if they are medically necessary.

The Blue PointsSM rewards online shopping mall will retire at the end of 2024. Physical merchandise will be transitioned to e-gift cards.

If you don't change your plan for 2024-25, you'll get to keep the same plan you have this year.
