# Is There a Better Plan For You?

[Compare Plans](#)

## Annual Enrollment season is here!

It's time to review the 2024-25 TRS-ActiveCare health plans.

If you don't change your plan during Annual Enrollment, you'll have the same plan as last year – TRS-ActiveCare HD. Now is a great time to find out if the plan you have is the plan you need. Another one may work better for you and your family.

### TRS-ActiveCare Primary Plans:

Record numbers of participants are choosing **TRS-ActiveCare Primary** and **TRS-ActiveCare Primary+** to take advantage of money-saving benefits. Is one of these plans right for you? They both give you:

- lower deductible and maximum out of pocket
- broad statewide network with no regional boundaries
- \$0 copay for virtual mental health visits through Teladoc®
- low copays before you meet your deductible
- low copays for TRS Virtual Health visits
- \$0 diagnostic labs at doctor's office or independent lab
- preventive care covered at 100%
- managed care with a Primary Care Provider

### What's the Difference?

The **TRS-ActiveCare Primary plan** has the lowest premium, so you pay less per month for your coverage. It can be a good choice if you mainly use your coverage for no-cost preventive care or occasionally for minor illnesses or injuries.

The **TRS-ActiveCare Primary+ plan** can be a better value if your family needs more care. It has:

- lowest deductible
- lowest maximum out of pocket
- lowest costs for things like emergency care, preferred and specialty drugs, x-rays, and lab work
